PREFACE

This is the 33rd edition of the John Carroll University Fact Book and it is likely to be the last to be produced in hardcopy. Only a handful of copies are being printed this year and it is likely that you are reading this on the University website. As such, feel free to bookmark this publication, and to print pages for ready reference at the new Institutional Effectiveness web page at <http://sites.jcu.edu/institutionaleffectiveness/>.

The forthcoming edition will offer the ability to interact with University data to support decision-making and fact finding. In addition, information will be updated as it occurs rather than once each year, and more content can be added as necessary.

Vision, Mission, Core Values and Strategic Initiatives Statement

Vision

John Carroll University will graduate individuals of intellect and character who lead and serve by engaging the world around them and around the globe.

Mission

As a Jesuit Catholic university, John Carroll inspires individuals to excel in learning, leadership, and service in the region and in the world.

Core Values

The University's core values include a commitment to learning in order to create:

- An environment of inquiry which embraces Jesuit Catholic education as a search for truth where faith and reason complement each other in learning. In pursuit of our educational mission, the University welcomes the perspectives and participation in our mission of faculty, staff, students, and alumni, of all faiths and of no faith.
- A rigorous approach to scholarship that instills in our graduates the knowledge, eloquence, sensitivity, and commitment to embrace and to live humane values.
- A campus committed to the intellectual, spiritual, emotional, and physical development of each student.
- An inclusive community where differing points of view and experience are valued as opportunities for mutual learning.
- A culture of service and excellence that permeates every program and office.
- A commitment to sharing our gifts in service to each other and the community.
- A campus that responds to demographic, economic, and social challenges.
- An appreciation that our personal and collective choices can build a more just world.

Strategic Initiatives

The following initiatives are essential to the University being recognized as a center of learning and service:

- Create a diverse community of faculty, staff, alumni and friends dedicated to advancing the University's vision, mission, and core values.
- Create a learning community of outstanding teacher-scholars characterized by the commitment to student achievement.
- Create a talented cohort of service-oriented staff committed to achieving and being recognized as a center of learning and service.
- Recruit, enroll, retain, and graduate a talented, diverse student body prepared for today's global reality and committed to learning, leadership and service that will engage the world.
- Secure resources necessary to foster an extraordinary learning experience and promote John Carroll's mission as a Jesuit Catholic university.
- Assist in responding to demographic, economic, and social challenges in our region in order to support investment and employment opportunities and build confidence in our shared future.

Academics at John Carroll University

John Carroll University provides programs in the liberal arts, sciences, and business at the undergraduate level, and in select areas at the master's level. The educational experience at John Carroll University—in accord with the University's vision, mission, and core values—provides opportunities for the students to develop as whole persons with the intellect and character to lead and serve in the region and in the world. Through its core curriculum and degree programs, students at John Carroll are educated in the humanizing arts and sciences, are skilled in expression and in scholarly investigation, and are aware of the interrelationship of all knowledge and

the interdependence of all people. Moreover, academics at John Carroll promote the integration of faith and culture and the need for social justice by imparting a deeper knowledge of, and respect for, the students' own cultural and religious traditions as well as those of others.

All full-time and part-time undergraduate students at John Carroll University matriculate in the College of Arts and Sciences. Students are able to graduate with degrees either from the College of Arts and Sciences or the John M. and Mary Jo Boler School of Business.

The College of Arts and Sciences

The College of Arts and Sciences (CAS) was established in 1886 under the name of St. Ignatius College. The College offers programs of study in 37 majors leading to degrees of Bachelor of Arts (B.A.), Bachelor of Arts in Classics (B.A.Cl.) and Bachelor of Science (B.S.). Preparation for Teaching Licensure is offered in 17 subject areas. Students may also choose a minor among 34 disciplinary programs,

and/or a minor or concentration among 24 interdisciplinary programs. The College also grants graduate degrees (including Master of Arts, Master of Education, Master of Science, and Education Specialist) and supports a number of other programs that enhance traditional academic courses of study. CAS programs are listed below with optional major tracks, or areas of focus, bulleted.

The John M. and Mary Jo Boler School of Business

The mission of the Boler School of Business is to develop and inspire tomorrow's leaders through educational excellence in the Jesuit tradition. Business education began at John Carroll University with the establishment of a Department of Business Administration in 1934 in the College of Arts and Sciences to provide professional training for students aspiring to positions of responsibility in the business world. This department was expanded in 1945 into the School of Business, and in 1974 expanded its offerings to include a Master in Business

Administration degree. In March 1996, in recognition of the many generous contributions to the University from John M. and Mary Jo Boler, the School was named after them. Mr. Boler is a 1956 alumnus of the School. This year, a Master of Science in Lab Administration degree program was added to the Boler School's graduate offerings. The accountancy and business administration programs are accredited at both bachelor's and master's levels by the Association to Advance Collegiate Schools of Business (AACSB International).

The Center for Service and Social Action

MISSION STATEMENT

Centered in the rich tradition of Catholic Social Teaching in dialogue with the contemporary Jesuit commitment to a faith that does justice, the Center for Service and Social Action seeks to educate for justice by offering opportunities for learning through service and advocacy. The Center connects the campus with the community through sustained partnerships that enable us to realize the Jesuit goal of developing well-educated men and women who understand what it means to stand in solidarity with people living in poverty and on the margins; to engage in ongoing reflection; and to build a more just and humane society.

Service and Service-learning at John Carroll University

Service is an integral part of students' experiences at John Carroll University. Service-learning provides students with the opportunity to interact with community members, sharpen critical thinking skills, apply classroom learning in real-world settings, and deepen civic engagement. Service-learning increases understanding and depth of course content while raising awareness of civic and social issues.

Hours of Service Provided to the Community, Students Registered in Weekly Service, and Service-Learning Courses

Signature Programs

We the People Service-Learning Program: A unique program that brings JCU students into classrooms in schools across Cleveland and East Cleveland to educate elementary, middle and high school students about the U.S. Constitution, citizenship and civic responsibility. The year-long program culminates with a Mock Congressional Hearing and showcase events hosted on the JCU campus.

Carroll Ballers: JCU students work with the youth at the Cuyahoga County Juvenile Detention Center in a basketball and mentoring program that seeks to build lasting relationships that will help the young men and women to be successful in their lives and significantly reduce the cycle of recidivism.

Carroll Reads: A federally-funded tutoring program designed to assist children in grades K-6 in mastering reading and math skills. Early literacy intervention is critical for success in the upper grades.

Living the Mission

In helping to fulfill the University's Jesuit mission to learn, serve, and lead, the following chart details how the student service opportunities provided by the Center for Service and Social Action benefit our students and the wider community.

Learn

- Promotes real world exposure
- Applies and reinforces classroom learning in first-hand experiences
- Promotes critical inquiry
- Integrates Ignatian pedagogy
- Enhances academic integration

Serve

- Builds relationships that foster solidarity and are mutually beneficial
- Engages the "magis" in service to others
- Cultivates reflection, integration, and growth
- Puts "faith that does justice" in action

Lead

- Seeks to develop the whole person
- Encourages responsibility and civic engagement
- Fosters formation of men and women for and with others
- Promotes leadership development and life choice discernment

Ways that JCU Students Engage in the Community

During the 2013-14 academic year, the Center for Service and Social Action enjoyed the benefit of partnering with over 75 different schools, hospitals, senior care facilities, not-for-profit organizations, and social service agencies serving the Greater Cleveland community. Some of the service opportunities available to students include:

- Assisting refugees in preparation for their U.S. Citizenship Test.
- Teaching research skills to adolescents participating in Youth for Justice and Project Citizen through the *We the People* Service-Learning Program.
- Supporting critically ill children and their families at Rainbow Babies and Children's Hospital.
- Assisting female inmates at the Northeast Reintegration Center to attain their GED.
- Engaging with developmentally challenged individuals through weekly exercise programs, holiday dances, and game nights.
- Providing one-on-one tutoring to low income students in local elementary and high schools.

Highlights of Assessment of Student Learning Outcomes

At the conclusion of the spring 2014 semester, participating students completed an assessment survey. Of the students that responded to the survey, the majority reported a positive learning outcome from their experiences. In addition, students' service experiences directly addressed the university's learning outcomes, including: to understand and promote social justice (93% of respondents strongly agreed/agreed that they will act to work for social justice changes in society) and to act competently in a global and diverse world (93% and 85% of respondents strongly agreed or agreed that as a result of their service experience, they know how to communicate their ideas in a situation new to them and know how to lead in a cross-cultural situation, respectively.) The data reported below is from 161 respondents of the 538 students who participated in weekly service in the spring 2014 semester.

As a result of the service in which I have participated...	Strongly Agree/ Agree	Neither Agree Nor Disagree	Disagree/ Strongly Disagree
I know how to lead in a situation that is new to me.	87%	12%	1%
I have a responsibility to participate in service to the community.	96%	3%	1%
I will act to work for social justice changes in society.	93%	7%	0%
I have a good understanding of the needs in the community in which I am doing service.	96%	3%	1%
I probably will NOT volunteer again after this course or semester.	2%	7%	91%

External Awards

- 4* Carnegie Classification for Community Engagement 2010
- 4* President's Honor Roll for Community Service (7th consecutive year)
- 4* Recognized in the U.S. News & World Report's 2014 edition of Best Colleges as having one of the top service-learning programs nationally (5th year)
- 4* Ohio Campus Compact awarded the Charles J. Ping Student Service Legacy Award for outstanding leadership and community service to students Michael Gong '15 and Ned Barnes '15.
- 4* Ohio Campus Compact awarded the David Hoch Memorial Award to Dr. Margaret Finucane for outstanding work in service-learning and/or civic engagement by a faculty member.

The Center for Career Services

The Center for Career Services focuses on the career development of JCU students, while also providing services to alumni. Who am I and what am I passionate about? Where am I needed in the world? How do I get there? The process of answering these questions is career development. Several Career Education Courses are offered for students in relation to those three questions. Please refer to the Undergraduate Bulletin for information on prerequisites for Career Education courses. The following courses are one credit hour (unless noted otherwise).

Who am I and what am I passionate about?

- CE-101: Introduction to Careers
- CE-111: Exploring Your Options

Where am I needed in the world?

- CE-121: Introduction to the Accounting Profession
- CE-122: Introduction to Careers in Psychology

How do I get there?

- CE-131: Introduction to the World of Work
- CE-199, 102, 103, 104: Academic Internship (0-3 credits)

In the 2013-2014 academic year, 97 students completed internships for academic credit or a transcript notation through a Career Education internship course. Of the 97 students enrolled 46% were in the College of Arts and Sciences and 54% were in the Boler School of Business.

The credit options that are available are 0, 1, 2, or 3 credits. To be eligible for academic credit, the student must be in a supervised professional development internship, complete 135 hours at the internship and complete the assigned coursework.

Students that are in unpaid internships in northeast Ohio that are registered for academic credit either through a Career Education course or an academic department are eligible for the Belda Travel Reimbursement Fund. The Belda Fund allows for reimbursement of up to \$500 per year for travel costs associated with the internship.

The Center for Career Services helps students and alumni discover their own unique answers to career-related questions by offering a wide variety of additional services, including:

- One-on-one appointments
- Career fairs
- On campus interviewing for entry level positions and internships
- The John Carroll University Carroll Contacts LinkedIn group (alumni and other friends of JCU serving as career mentors/networking contacts)
- Career Connection (the online jobs database for all levels of experience)
- Other on and off campus events

^Prospective undergraduate students may consult the John Carroll Net Price Calculator for an estimate of federal, state, and institutional aid eligibility at: <https://jcu.studentaidcalculator.com/welcome.aspx>. The Calculator helps families look beyond the listed tuition and fees to better understand the net price and actual out-of-pocket costs of attending the University. The John Carroll Net Price Calculator is based on federal, state, and JCU institutional costs and policies of awarding for the time period. It is intended for first-time undergraduate students who meet citizenship qualifications as determined by the FAFSA.

**Charged to part-time students and full-time students above 18 credit hours per semester

The Beaudry Award, 1951 - 2014

For four years the Sodality at John Carroll had given an award to the student who had done the most for the University during that year. At the fifth annual Sodality dance in 1951 the award was changed in two ways. It was henceforth it was to be called the "Robert Beaudry Man of the Year Award" to commemorate the deceased Sodalist's memory. Also, in the future only seniors were to be eligible as recipients.

The Beaudry Award is now given each year at graduation to the young man or woman voted most deserving of the honor by fellow students. As in the past, the award recognizes outstanding service in three areas: Christian leadership, academic achievement, and contributions to the University community. There were two recipients of the Beaudry Award in 2012.

Campion Award for Service, 1996 - 2014

The George B. Sweeney Endowed Campion Award for Service recognizes students who are committed to becoming leaders in social action through the lens of faith. Established in 1996 by George B. Sweeney, this fund honors John Carroll University students who have made significant contributions to the community, both on campus and in the larger community. The award involves a one-year, \$1,000 award to educate promising student leaders in social policy analysis in a faith perspective; the Center for Service and Social Action also administers up to \$500 in additional funds to each Campion Award recipient for an approved campus-based service project proposal.

Alumni Giving, 1990 - 2014

Year after year, John Carroll graduates show their generosity and dedication to the University through their financial support of the annual fund, capital projects, and other leadership gift opportunities, such as endowed scholarships. Their support is the foundation for University advancement. Alumni giving provides essential operating support to meet ongoing and recurring University needs such as student scholarships and loans, advances in academic programming, technology improvements, library expenses student extracurricular activities, faculty and staff salaries, and maintenance of campus facilities and grounds.

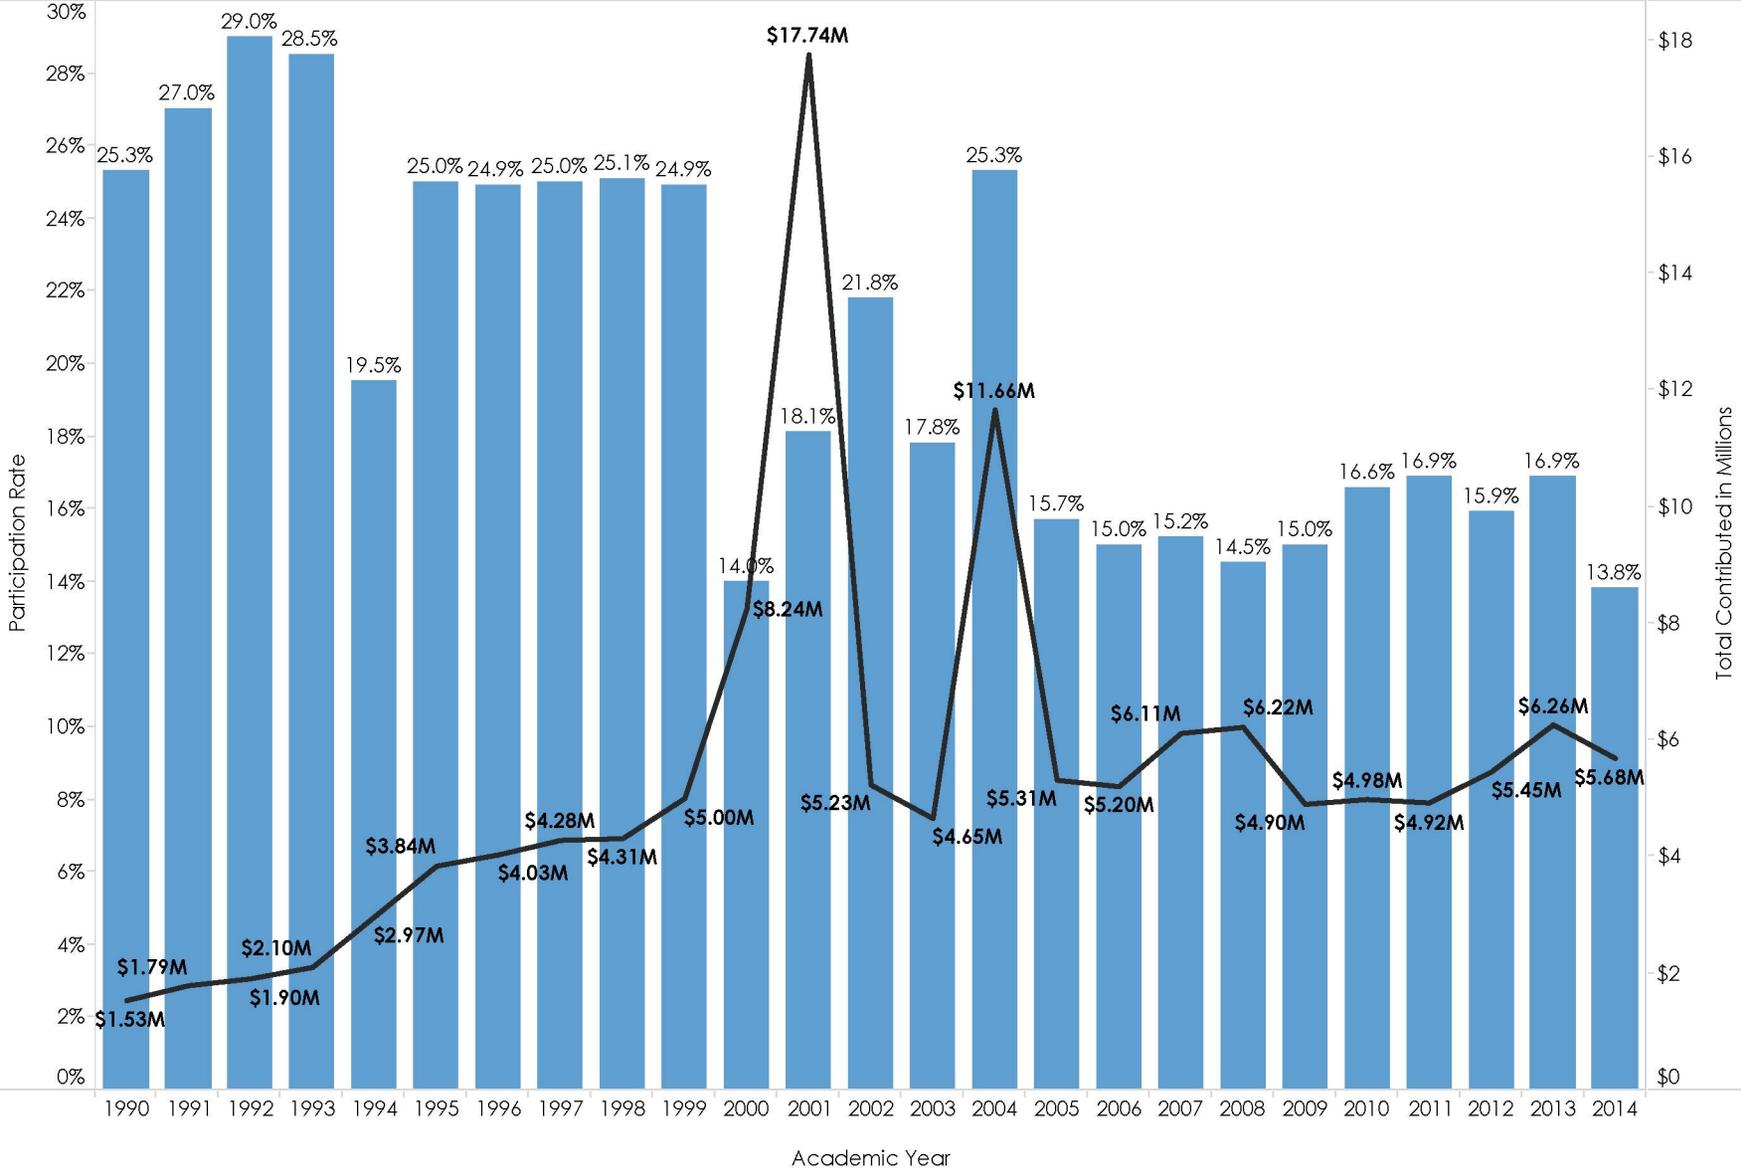

The figures reported below represent the total in alumni/ae giving including corporate matching gifts generated during the University's fiscal year. The trend in giving is also provided in absolute dollars in the chart on the following page.

Information Technology Services

The Information Technology Services Department (ITS) oversees and provides assistance for most computer and network functions, access control, video, and telephone services on campus. The main office is located on the fourth floor of Rodman Hall.

The major equipment serving the campus consists of:

- 14 Intel-based servers - used for video streaming, voicemail, systems management and academic applications.
- 4 IBM pSeries AIX Servers - used for the Banner 8 administrative software system which is supported on Oracle 11 database software.
- 2 Apple servers for Mac support.
- 2 Clustered Network Appliance Storage Servers providing 11 terabytes of storage for campus network users and 3 terabytes of storage for administrative systems (Banner).
- 8 VMware servers with 9 terabytes of storage running 90 virtual systems and over 400 virtual classroom PCs.
- 13 terabytes of storage for virtual server and desktop system backups.

The Campus Wide Gigabit Ethernet network provides connection to all faculty and administrative offices and student residence rooms. The campus network has two physically separated Gigabit connections. One of the connections attaches to the AT&T Opt-E-Man network. The AT&T connection connects to the Ohio Academic Resources Network (OARNet), with a capacity of 300 MB to the commodity Internet and 50 MB to OARNet intra-Ohio which provides access to other educational institutions within the state. The other Gigabit connection connects to OneCommunity, a Cleveland based regional Internet provider, with a capacity of 350 MB to the commodity Internet, bringing the total commodity Internet bandwidth to 550 MB.

The campus wide network is accessible everywhere on campus, including all green spaces, through computers using wireless technology, which was upgraded to the latest 802.11n standard in the summer of 2011.

Customer Service Operations

The Customer Service Operations area of ITS provides a full spectrum of support services for students, faculty, administration and staff including help (service) desk, desktop/classroom support, instructional technology support, access control support, and other instructional media support for academic and university events.

Center for Digital Media (CDM)

The CDM, located on the main floor of Grasselli Library, is dedicated to advancing the use of technology to enhance teaching, learning, and research, through a combination of faculty workshops, instructional design, videography, multimedia development assistance, and one-on-one consultations. The CDM concentrates on faculty collaboration with our technologists in order to help JCU keep its "edge" in technology enabled education. The CDM is equipped with the latest technology resources and is staffed collaboratively by technologists from several University departments.

Administrative Software System

The Banner integrated software system supports Admissions and Financial Aid, Registrar, Student Life, Alumni/ Development, Human Resources, Finance and other related services throughout the campus; most of these functions are fully Web-enabled. Campus event scheduling, including a Web accessible event calendar, is supported by Resource25 software. In addition, Housing, Parking, and Judicial systems are provided through a separate application from Adirondack Solutions that is closely tied to Banner.

Information Technology in Residence Halls

All student residence rooms have a connection for each individual resident providing high-performance access to the Internet, and campus computing/network resources. Each room is also equipped with HD cable TV. Wireless access is available in all residence rooms.

Information Technology in Public Labs and Classrooms

There are more than 600 PCs and Virtual PCs (VPCs) and 30 Macs installed in classrooms and labs with full high-performance access to the campus LAN and the Internet at various locations on campus, including the following:
